

Product Data Sheet

Python

Master Lock have introduced the "World's first fully adjustable locking cable" The Python. Made from 10mm diameter braided cable the Python has three key positions for ease of use:

- 1 - Unlocked Position - Cable Free
- 2 - "Cinch" Position - for pulling cable to desired position without slipping back
- 3 - Locked Position - Cable Secured

M8413

M8418

M8402

M8415

The Python offers ultimate flexibility; the cable can be taken out of the locking head so that it can be wrapped around the item to be secured. The cable can also be taken out of the lock and exchanged for different lengths of cable.

Model

M8413 - Regular Python Cable Lock with 10 x 1800mm Cable
