

Product Data Sheet

Peli Cases

Peli Cases offer you total protection for your fragile or expensive tools, whether it be scopes, picks or expensive diagnostic equipment. Peli provide a range of cases to suite all requirements from the range of Peli Micro Cases 120x80x18mm up to the enormous NRPE1750 1290x340x135 which even has it's own wheels. The one thing about a Peli case is that it is virtually indestructible, made of an Ultra High Impact Copolymer Polypropylene which completely protects all types of equipment. The cases can be bought with (or without) "pick and pluck" foam which makes seating the fragile equipment very easy.
